AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

1. Introduction

While preparing the FY 2022 Annual Action Plan, the Borough of Chambersburg consulted with the Franklin County Housing Authority, local housing providers, social service agencies, community and economic development organizations, the local Continuum of Care members, Borough department representatives, and Borough Officials. Input from the meetings and public hearings were used in making decisions on which projects to fund.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The Borough of Chambersburg works with the following agencies to enhance coordination:

- **Franklin County Housing Authority** – Section 8 Housing Choice Vouchers and improvements to public housing communities.
- **Social Services Agencies** – funds to improve services to low- and moderate-income persons.
- **Housing Providers** – funds to rehabilitate and develop affordable housing and provide housing options for low- and moderate-income households.
- **Community and Economic Development Agencies** – funds to improve services to low- and moderate-income persons.

As part of the CDBG application planning process, local agencies and organizations were invited to submit proposals for CDBG funds for eligible activities. These groups participated in the planning process by attending public hearings and phone calls.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Borough of Chambersburg is a part of the Eastern PA CoC, South Central Regional Homeless Advisory Board (RHAB), which oversees the Continuum of Care Network for Central Pennsylvania for nine (9) counties. The CoC includes homeless service providers, Community Action Partnerships (CAPs), local/county/state governments, Housing & Redevelopment Authorities, and domestic violence, aging, mental health, and faith-based organizations.

The CoC solicits and considers a full range of opinions through the five (5) Regional Homeless Advisory Board (RHABs) monthly meetings and semi-annual full CoC meetings. Both forums provide opportunities for knowledgeable persons to provide input and assistance in ending homelessness. The RHAB Co-Chairs represent multiple interest groups including: CDBG

Jurisdictions, Public Housing Authorities, domestic violence service providers, Veterans, youth service providers, Community Action Partnerships (CAP), homeless service providers, and faith-based organizations. The chair of the Coordinated Entry Committee represents a Runaway and Homeless Youth Program (RHY)/CoC-funded agency, assuring that needs of homeless youth are included in the Coordinated Entry design. The Chair of the Governance and Policy Committee represents a domestic violence program, reinforcing the need for safety, security, and choice for domestic violence survivors in the development and implementation of CoC policies.

CoC standing committees, membership, and functions are defined in the Governance Charter. Committee members are recruited by the Board or by the Committee and are drawn from the CoC and community-at-large to provide needed expertise. Key to meeting the goals of Opening Door, the nation's first comprehensive federal strategy to prevent and end homelessness, include:

- Data Management, Collection, and Outcomes Committee, which develops and maintains a system for tracking CoC performance outcomes and progress in meeting goals of Opening Doors.
- Funding Committee, which develops ranking criteria; reviews and ranks projects; and determines a reallocation strategy to best meet the Opening Doors goals.
- Ad Hoc Coordinate Entry Committee, which works with a consultant to oversee Coordinated Entry planning and provides tools for the CoC to meet Opening Doors goals.

The Board comprises a diverse set of representative stakeholders throughout the region, including many social service and governmental organizations. The RHAB identifies regional and local homeless issues; coordinates regional planning; identifies regional housing gaps and needs, strategies, and priorities; provides input for Supportive Services for Veterans Families (SVF) and Emergency Solutions Grants (ESG) applications; participates in completion of the CoC application; monitors Homeless Management Information Systems (HMIS) participation and implementation; and coordinates and follows-up on the Point-in-Time (PIT) count and AHAR.

Most of the Eastern PA CoC comes under the Commonwealth's Consolidation Plan developed by PA-DCED, however, there are twelve (12) additional Consolidated Plan Jurisdictions representing the more populated areas of the Lehigh Valley and Cumberland County, plus cities. PA-DCED uses web-based forums to meet with Regional Housing Advisory Committees (RHACs). The RHACs include state grantees, housing officials, developers, non-profits, CoC Chairs, and PA-DCED staff. Also as part of the citizen participation process, members of the CoC receive notice of public meetings, documents available for review, and citizen comment periods. The County and City Five-Year Consolidated Plan Jurisdictions follow the Five-Year Consolidated Plan guidelines for consultation, including interviews, surveys, and focus groups with stakeholders knowledgeable about homelessness in their communities.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Referrals are made to the South Central Community Action Programs Franklin County Shelter for services by Franklin County Information and Referral, other agencies, shelters, police departments, hospitals, and churches. The SCCAP Franklin County Shelter completes a Needs Assessment on every client upon admission.

The main categories of needs in SCCAP's Assessment (each with specific sub-categories) are as follows: Employment Skills/Training; Money Management; Housing; Health; Public Assistance/Type Needed; Parenting/Family; Legal; and Other/Miscellaneous.

The Point-in-Time Counts for the Sheltered and Unsheltered homeless population are completed twice a year in the months of January and July. The results of the counts are available in the state PAHMIS system for approved users. The public can access the information through the HUD website and the Housing Alliance of Pennsylvania website.

The SCCAP Franklin County Shelter receives ESG funds. The CoC provides input on the allocation of ESG funding to subrecipients, through a "Performance Interview Planning Checklist" that was developed as a standardized tool for CoC input on applicant capacity and participation in the CoC. The CoC provides input on ESG applications and ranks and reviews projects.

Most of the Eastern PA CoC ESG funding is allocated by PA-DCED. The CoC participated in developing priorities, target populations, outcome measures, and evaluation processes for ESG under HEARTH, including prioritizing Rapid Re-Housing (RRH) for 45% of funds (excluding emergency shelters, outreach, and administration). PA-DCED convened a Data Committee composed of CoC members to review and analyze quarterly CoC performance reports for establishing benchmarks and data driven performance standards for outcome evaluation and funding decisions. An ESG Committee, also composed of CoC members, is being formed to help in setting ESG policy/performance standards.

Throughout different times of the year, the CoC and the HMIS lead work together to assess data quality throughout the CoC. This includes working on Annual Homeless Assessment Report (AHAR) submission, the PIT count, project review/ranking, and working with individual programs while completing their Annual Performance Reports (APRs). According to the Eastern PA CoC, the largest overall barrier to HMIS-participation remains non-HUD funded volunteer and faith-based operated projects and VA-funded projects, such as VASH. Additional outreach to volunteer and faith-based organizations will occur through the implementation of coordinated entry. Increased engagement and education among these groups should lead to increased HMIS participation. The CoC will work with Veterans to improve participation among VA-funded projects. In regards to VASH, the CoC built a new bed/voucher-based process within the CoC's HMIS and will begin piloting this enhancement with Public Housing Authorities.

AP-60 Public Housing – 91.220(h)

Introduction

The Franklin County Housing Authority’s mission is to “Providing homes that build hope and create neighborhoods.” The Franklin County Housing Authority is not rated as a “troubled” agency by HUD and is recognized as a “high performer” for both PHAS (Public Housing Assessment System) and SEMAP (Section Eight Management Assessment Program).

The Franklin County Housing Authority owns and professionally manages family communities and elderly/disabled rental apartments. The apartments are located throughout Franklin County. FCHA manages 364 public housing units throughout Franklin County and 244 public housing units in the Borough of Chambersburg. FCHA also acts as the Management Agent for four other privately owned housing communities in Franklin County. Of these, two (2) are located in Chambersburg – Sunset Terrace Townhomes, offering 24 garden style apartments and 16 townhomes, and Redwood Park Townhomes, offering 40 townhomes in 10 building clusters of 3-5 townhomes each.

The Franklin County Housing Authority also manages 368 Section 8 Housing Choice Vouchers. There is currently a waiting list of 148 individuals for Section 8 Housing Choice Vouchers.

Actions planned during the next year to address the needs to public housing

The Franklin County Housing Authority has implemented Asset Management for each of its public housing developments. This provides for development/AMP-based accounting, personnel supervision at the AMP level, and short-term and long-term maintenance needs by staff at AMP level including capital improvements.

The Franklin County Housing Authority does not plan to demolish or remove any public housing units in the Borough of Chambersburg during the FY 2022 Program Year. The Housing Authority is planning the following capital improvements: window replacement, landscaping, sidewalk steps, and porch repairs.

According to FCHA’s 2015 Five-Year and Annual Plan, the strategies for addressing the housing needs of families in the jurisdiction and on the waiting list in the upcoming year include encouraging work and expanding housing opportunities for the very-low (50% or below AMI) and extremely low-income (30% or below AMI) residents in the County, in addition to expanding housing choices for the elderly, disabled, individuals in domestic abuse situations, individuals in federally declared disaster areas, and Voucher-holders.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The Franklin County Housing Authority maintains an active relationship with its residents and encourages residents of public housing to become involved in the housing authority’s decision-making

process. The Housing Authority engages in cooperative activities with the Boys & Girls Club in Chambersburg's Meadow Creek 2, Waynesboro Communities that Care, and Pathstone. FCHA provides an array of youth programs and resources to youth programs in Chambersburg and Waynesboro. FCHA has resident councils who actively hold youth programs and have community partners such as First Start Partnership and the YMCA of which FCHA provides all the recent youth program resources to our residents through. FSP has a classroom inside the Chambersburg property and the YMCA also provides transportation to and from their facility for our residents.

FCHA has also developed Resident Councils in both family developments and holds elections for Resident Councils. The resident councils manage Resident Participation Funding. There is one public housing resident who sits on the Board of Directors of the Franklin County Housing Authority.

The Franklin County Housing Authority offers a First Time Homebuyer Program through Valley Community Housing Corporation (VCHC) as the General Partner and self-sufficiency coordinator. VCHC offers assistance to purchase brand new homes in the Borough of Chambersburg to qualifying low-income families. In addition, eligible Section 8 Voucher holders can use their vouchers to assist in the purchase of their own home through the Section 8 Homeownership Program. The voucher assistance provides a partial payment toward the mortgage every month. Participants are assisted with budgeting and credit repair as needed, provided with homeownership education, and given support every step of the way as they purchase their home.

Eligibility requirements for the Homeownership Program:

- Have a Section 8 Voucher.
- Be consistently employed for one year before homeownership assistance starts. (Elderly people and people with disabilities are exempt from this requirement.)

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The Eastern PA CoC serves a total of thirty-three (33) counties. The 33 counties are organized into five (5) geographically dispersed Regional Homeless Advisory Boards (RHABs). The Borough of Chambersburg belongs to the South Central Pennsylvania Regional Homeless Advisory Board (RHAB) which oversees the Continuum of Care Network for Central Pennsylvania for nine (9) counties. The South Central RHAB includes Adams, Bedford, Blair, Cambria, Centre, Franklin, Fulton, Huntingdon, and Somerset counties.

According to the Governance Charter for the PA Eastern Continuum of Care Collaborative, the mission of the PA Eastern CoC is to end homelessness throughout the 33-county Continuum of Care. The CoC works toward ending homelessness by providing a framework for a comprehensive and well-coordinated regional and local planning process. This includes identifying needs, conducting a system wide evaluation of existing resources and program activities, and building a system of housing and services that addresses those needs. This mission will be pursued through the development of long-range plans to prevent and end homelessness in the geographic area, as well as the coordination necessary for successful implementation. The objectives of the CoC include the following:

- Promote development of adequate funding for efforts for preventing homelessness, rapidly rehousing homeless persons, and stabilizing their housing;
- Maximize potential for self-sufficiency among individuals and families experiencing homelessness;
- Promote full access to, and effective use of, mainstream programs.

The Funding Committee is responsible for coordinating the annual application to HUD. In this capacity, it reviews all documents from the previous funding round; sets a schedule and time line for the current funding round; develops and edits forms for new project and renewal evaluations; develops ranking criteria; collaborates with the Data Management, Collection, and Outcomes Committee, as necessary; and provides ranking reports to the CoC. In addition, in order to increase CoC-wide performance, ensure the strategic use of HUD funds, and develop new resources, this Committee will also be charged with developing the CoC's reallocation strategy. This includes setting policy to make any funding cuts or allocate new resources, based on the NOFA for the Continuum of Care.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

For FY 2022 the Borough did not set goals for homeless outreach. The Borough does not provide direct services for the homeless and relies on local agencies and organizations working with the COC to keep abreast of the needs of the homeless. The Borough invites the organizations to participate in round table discussions when preparing Five Year Consolidated and Annual Action Plans. These discussions help the Borough make decisions on what types of new activities, if any, should be explored and possibly be funded if an organization applies for CDBG funding. The Borough continues to support the activities of these organizations.

Addressing the emergency shelter and transitional housing needs of homeless persons

For FY 2022 the Borough did not set goals for addressing emergency shelter and transitional housing needs of the homeless. The Borough does not provide direct services for the homeless and relies on local agencies and organizations working with the COC for provision of services to the homeless. Through discussions with providers, the Borough makes decisions on what types of activities, if any, should be explored and encourages organizations to apply for funding. There were no requests for FY 2022 funding for homeless activities.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

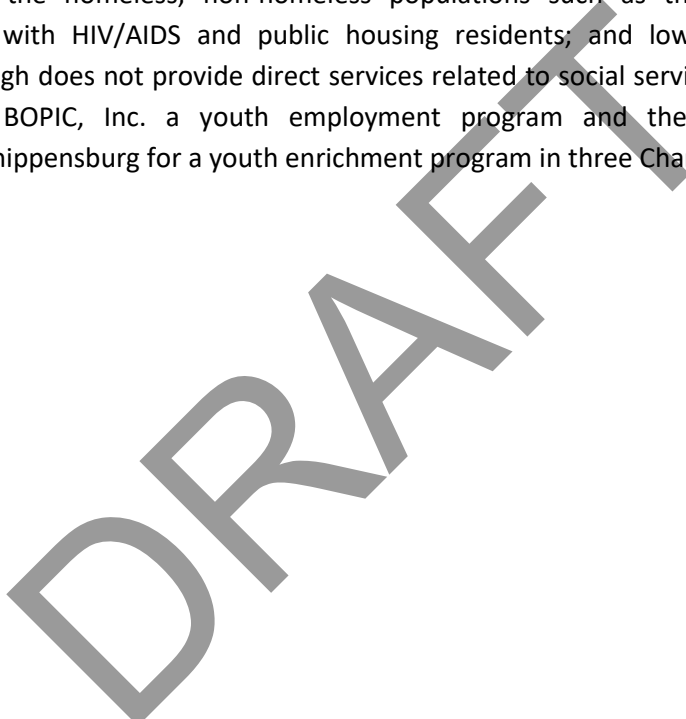

In the FY 2022 program the Borough did not set goals for assisting homeless persons particularly the chronically homeless, families with children, veterans, and unaccompanied youth make the transition to permanent housing and independent living. The Borough continues to work with its partners who address the needs of the homeless. Through discussions with providers, the Borough makes decisions on what types of activities, if any, should be explored and encourages organizations to apply for funding. There were no requests for FY 2022 funding for homeless activities.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Again, in FY 2022 the Borough did not set goals for assisting individuals and families from becoming homeless including those being discharged from institutions and systems of care or receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs. The Borough depends upon its partners who work with the homeless to stay informed on homeless issues. There were no requests for FY 2022 funding for homeless activities.

Discussion

In FY 2022 the Borough will rely on its community partners working with the needs of the homeless and non-homeless populations. Service providers in Chambersburg are generally located in the central business district/downtown area of the community. These providers offer a wide range of services in the community for the homeless; non-homeless populations such as the elderly, persons with disabilities, persons with HIV/AIDS and public housing residents; and low- and moderate-income residents. The Borough does not provide direct services related to social service activities, though they recently supported BOPIC, Inc. a youth employment program and the Boys & Girls Club of Chambersburg and Shippensburg for a youth enrichment program in three Chambersburg School District locations.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction

The Borough is committed to removing or reducing barriers to the development of affordable housing.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Public policies at times have negative effects on affordable housing. Zoning ordinances which may restrict where certain types of housing can be built or the ordinances which dictate the number of persons that can reside in a property are examples of public policies that can negatively affect all types of housing. Often times these regulations are used to inhibit the development of affordable housing. The Borough of Chambersburg has taken a proactive approach to address the issue of providing opportunities for the development of affordable housing within the Borough.

The Borough, per governing regulations, continually reviews its policies and ordinances such as land use and zoning to ensure all policies and ordinances are current and up to date including steps to remove undue roadblocks to allow for development, FY 2022 will be no different. The Borough will also be proactive in working with developers seeking to create affordable housing in the Borough.

Discussion

The largest barrier to housing choice in Chambersburg is the high cost of rental units and homeowner housing that is decent, safe, and sanitary.

To promote Fair Housing, the Mayor will continue to proclaim April as “Fair Housing Month” in the coming years. The Borough will continue to monitor and review public policies for discriminatory practices and/or impacts on housing availability during this program year. In addition to the proclamation, the Borough will complete the following activities to promote fair housing:

- Distribute pamphlets on Tenant’s Rights to Fair Housing to: Borough Hall, Libraries, social service organizations, charitable organizations, and code enforcement officers to handout during inspections.
- Display the Fair Housing Poster “It’s Not an Option – It’s the Law.”
- Provide fair housing information to landlords.
- Fair Housing Proclamation from the Mayor.

During the FY 2022 CDBG Program year, the Borough will be working with Luminest to run an owner-occupied housing rehabilitation program with State HOME funds. Assistance will be in the form of a 10-year forgivable loan. Total project budget is \$250,000 in State HOME funds.

AP-85 Other Actions – 91.220(k)

Introduction

The Borough of Chambersburg has developed the following actions which address the obstacles to meeting underserved needs, fosters affordable housing, reduces lead-based paint hazards, reduces the number of families living in poverty, develops institutional structures, and enhances coordination between public and private housing and social service agencies.

Actions planned to address obstacles to meeting underserved needs

Despite efforts made by the Borough of Chambersburg and social service providers, a number of significant obstacles remain to meeting underserved needs. With funding resources being scarce, funding becomes the greatest obstacle for the Borough of Chambersburg to meet its underserved needs. Insufficient funding lessens the ability to fund many worthwhile public service programs, activities, and agencies. The Borough through its planning efforts will use its limited resources to address the Borough of Chambersburg's greatest needs and improve the quality of life for its residents. The following obstacles need to be overcome in order to meet underserved needs:

- Lack of decent, safe, sound, and affordable owner and renter housing
- High cost of rehabilitation work
- Aging in place population who need accessibility improvements
- Need major rehabilitation of the Borough's aging housing stock
- The increasing number of vacant and abandoned properties
- High unemployment rate and loss of household income
- Low wages in the service and retail sector job market

The Borough of Chambersburg is not funding any project with its FY 2022 CDBG funds. The Borough during this program year will be working with Luminest to run an owner-occupied housing rehabilitation program with State HOME funds. Assistance will be in the form of a 10-year forgivable loan. Total project budget is \$250,000 in State HOME funds.

Actions planned to foster and maintain affordable housing

To foster and maintain affordable housing, the Borough of Chambersburg proposes the following Five-Year Goals and Strategies:

- **HGS-1 Housing Rehabilitation** - Conserve and rehabilitate existing affordable housing units occupied by owners and renters in the community by addressing code violations, emergency repairs, energy efficiency improvements, and accessibility for persons with disabilities.
- **HGS-2 Housing Construction/Rehabilitation** - Increase the supply of decent, safe and sanitary accessible housing that is affordable to owners and renters in the City by assisting with acquisition, development fees, and construction and rehabilitation of vacant units.

- **HGS-3 Fair Housing** - Promote fair housing choice through education, training and outreach to affirmatively furthering fair housing.
- **HGS-4 Homeownership** - Continue to assist low- and moderate-income homebuyers to purchase homes through down payment / closing cost assistance, and associated housing counseling.

Given limited funds the Borough will not use CDBG funds to carry out these Strategies and Goals during the first year of this Five-Year Consolidated Plan. A local non-profit housing developer is seeking HOME funds through the PA DCED to create a housing rehabilitation program. The Borough is in support of the activity and per DCED requirements the Borough will be the actual applicant.

Actions planned to reduce lead-based paint hazards

The revised Federal Lead Based Paint Regulations (24 CFR Part 35) have had a significant impact on many activities – rehabilitation, tenant based rental assistance, and property acquisition – supported by the CDBG program. The Borough of Chambersburg will comply with Title 24, Part 35: Lead Based Paint Poisoning Prevention in Certain Residential Structures (Current Rule).

Rehabilitation Programs:

Though the Borough is not providing a rehabilitation program should the proposed program using HOME funds and delivered by a local non-profit will ensure that:

- Applicants for rehabilitation funding receive required lead-based paint information and understand their responsibilities.
- Proper determination of whether proposed projects are exempt from some or all lead based paint requirements.
- The level of federal rehabilitation assistance is properly calculated and the applicable lead-based paint requirements determined.
- Qualified personnel perform risk management, paint testing, lead hazard reduction, and clearance services when required.
- Lead hazard reduction work and protective measures are incorporated into project rehabilitation specifications.
- Risk assessment, paint testing, lead hazard reduction, and clearance work are performed in accordance with the applicable standards established in 24 CFR Part 35.
- Required notices regarding lead-based paint evaluation, presumption, and hazard reduction are provided to occupants and documented.

Homeownership Programs:

Should the Borough establish a homeownership program using federal funding the Borough will ensure that:

- Applicants for homeownership assistance receive adequate information about lead based paint requirements.
- Proper determination of whether proposed projects are exempt from some or all lead based paint requirements.
- A visual assessment is performed to identify deteriorated paint in the dwelling unit, any common areas servicing the unit, and exterior surfaces of the building or soil.
- Prior to occupancy, qualified personnel perform paint stabilization as required and the dwelling passes a clearance exam in accordance with the standards established in 24 CFR Part 35.
- The home purchaser receives the required lead-based paint pamphlet and notices.

Actions planned to reduce the number of poverty-level families

Approximately 10.0% of Chambersburg's families live in poverty compared to 8.1% for the State and 9.1% for the Nation. The Borough's goal of reducing the extent of poverty is 5%, based on actions the Borough has control over, or actions in which the Borough will cooperate with outside agencies.

The Borough's anti-poverty strategy is based on attracting a range of businesses and supporting workforce development, including job-training services for low- income residents. In addition, the Borough is going to continue to partner with local social service organizations that target low-income residents.

The Borough of Chambersburg is not funding any anti-poverty projects with its FY 2022 CDBG funds.

Actions planned to develop institutional structure

In FY 2022, the Borough will work to improve the quality of life for residents of the Center Street neighborhood by the reconstruction of the street to include stormwater improvements, cartway reconstruction as well as sidewalks and curb cuts where necessary. These improvements will serve the residents of a predominately low/mod neighborhood.

Though the Borough is not funding activities to directly address the following obstacles the Borough supports the activities of other organizations to meet underserved needs:

- Lack of decent, safe, sound, and affordable owner and renter housing
- High cost of rehabilitation work
- Aging in place population who need accessibility improvements
- Need major rehabilitation of the Borough's aging housing stock
- The increasing number of vacant and abandoned properties

The above activities will be addressed should a local non-profit successfully secure funding through PA DCED's HOME program to create a housing rehabilitation program. This will work toward accomplishing

this goal by assisting in the rehabilitation of income eligible owner-occupied homes in need of repair. The Borough will support the application as the applicant per DCED requirements.

Actions planned to enhance coordination between public and private housing and social service agencies

The responsibility of administration of the Five-Year Consolidated Plan and Annual Action Plans is the Land Use and Community Development Department of the Borough. The department will coordinate activities among public and private organizations implementing various elements of the prioritized plan goals. The Borough strives to continue its participation and coordination with public, housing, and social service organizations. The Borough solicits funding requests for CDBG funds. These requests are reviewed, discussed and recommended for funding by the Land Use and Community Development Department to Borough Council.

Discussion:

The Borough's Land Use and Community Development Department is responsible for monitoring the Five Year Consolidated Plan and Annual Action Plans. This entails maintaining records on the progress toward meeting the plan goals and the statutory and regulatory compliance of each activity. Timeliness of expenditures is achieved through scheduling activities, drawdown of funds, and budgets which track expenditures. Program modifications are considered if project activities are not able to be completed within the allowable time limits of the grant. The Land Use and Community Development Department is also responsible for the on-going monitoring of any sub-recipients for similar compliance.

Monitoring:

The Borough of Chambersburg's Community & Economic Development Specialist has a "monitoring checklist" that is utilized when programs and activities are reviewed. This checklist will be updated during the current program year to ensure compliance with 2 CFR, Part 200 "UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR FEDERAL AWARDS" and the HUD Community Planning and Development Monitoring Handbook (HUD 6509.2)

Monitoring of CDBG funded activities is conducted periodically based on project activity and may or may not require site visits. Construction projects typically require on-site monitoring and are monitored during the various phases of construction and at completion. The final inspection details the cost benefit and benefit to low- and moderate-income persons. During the on-site inspections, compliance with the local building and housing codes are reviewed. Copies of financial statements and audit reports are required and kept on file. For those activities which trigger Davis-Bacon Wage Rates, employee payrolls are required prior to payments and on-site employee interviews will be held. Public Service activities are generally monitored annually and often times can be monitored with a desk monitoring to ensure compliance with program regulation. These monitoring standards are required for all Borough administered projects and sub-recipient activities.

The Borough has established goals for MBE and WBE participation. The Borough includes these goals in requests for proposal and advertisements when soliciting for contractors, supplies, etc. The Borough also submits requests to know MBE and WBE concerns in order to gain participation as well as encourages contractors who may be using subcontractors to solicit proposal from MBE and WBE concerns. The Borough's Community & Economic Development Specialist monitors participation of MBE and WBE firms and will expand the area to solicit proposals.

For each activity authorized under the National Affordable Housing Act, the Borough of Chambersburg has established fiscal and management procedures that will ensure program compliance and fund accountability. Additionally, the Department will ensure that the reports to the U.S. Department of Housing & Urban Development (HUD) are complete and accurate.
