

Borough of Chambersburg

A full-service municipality in Franklin County celebrating over 65 years of consumer owned natural gas service over 120 years of community electric and a regional wastewater, water, storm sewer and municipal solid waste utility

FOR IMMEDIATE RELEASE

PLEASANT STREET CONSTRUCTION SCHEDULED

September 30, 2024 – FOR IMMEDIATE RELEASE

Chambersburg, Franklin County – Please be advised that Scotts Excavating and Hauling LLC will begin construction work on the Pleasant Street Storm Sewer Improvements the week of September 30, 2024. The work will involve the construction of new storm sewer piping and inlets starting at Rosemont Court south of Pleasant Street and continuing west to Pipeline Alley.

Most construction activity will take place between 7:00 a.m. and 5:00 p.m. There may be times when the street and parking are closed to vehicle access.

The Borough of Chambersburg and Scotts Hauling and Excavating LLC apologize in advance for this inconvenience and thank vehicle operators and residents for your patience while street construction work takes place.

Please note this is a grant funded project from the Franklin County Conservation District – Dirt, Gravel and Low Volume Roads.

Please contact Robert Nolan, Storm Sewer System Inspector, at 717-476-8429 or rnolan@chambersburgpa.gov, with questions or concerns.

About Chambersburg:

Chambersburg is a unique community. Chambersburg supplies more services than any other municipality in the Commonwealth of Pennsylvania. In addition to typical town functions, Chambersburg is Pennsylvania's only municipality providing electric and gas to residents and businesses. Chambersburg is 1 of 35 Boroughs to operate a municipal non-profit electric utility. Chambersburg is the largest municipal electric utility in the State, twice as large as the second largest, Ephrata, Lancaster County; and, the only one to operate multiple generation stations. Chambersburg is 1 of 2 municipalities in PA to operate a natural gas utility. The other is Philadelphia, which does not operate an electric utility. Nationally, Chambersburg is 1 of 2,000 communities to have its own electric system and 1 of 1,000 communities to have a natural gas system but 1 of only about 60 to operate both. Chambersburg manages a regional water system, a regional sanitary sewer system (not through an independent Authority), and a new storm sewer utility; one of the first storm sewer utilities to form under the new Federal mandate to regulate stormwater. Chambersburg has a famous Aquatic Center as well. Chambersburg, the County Seat of Franklin County, currently has 22,172 residents (2022) and over 11,000 utility customers.
